INTRODUCTION

The following report will deal with the results of a prospecting and sampling program carried out on the Groves Township Property. The property is made up of two, unpatented block and single unit (16 units) mining claims, located in Groves Township, Porcupine Mining Division, Ontario. This work was carried out over a two day period The focuses of this prospecting program was to determine if the geological setting has the potential to host a copper-nickel, platinum deposit. A total of 9 rock samples were taken over a two-day period during the month of October 2003.

The purpose of this program was to provide reconnaissance geological data that may reflect the gold, copper, nickel and platinum content of the underlying geology.

LOCATION AND ACCESS

The Groves Township Property consists of 2 unpatented mining claims (16 units) situated within the central portion of Groves Township, Porcupine Mining Division. The block is located approximately 90 miles southwest of the city of Timmins or 6 miles southeast of the village of Gogama. Groves Lake borders the eastern portion of the block while the CNR rail line runs through the western portion.

Access to the property was gained by boat from the town of Gogama. Groves Lake borders the eastern portion of the claim group. Access to the main showing was gained from Groves Lake

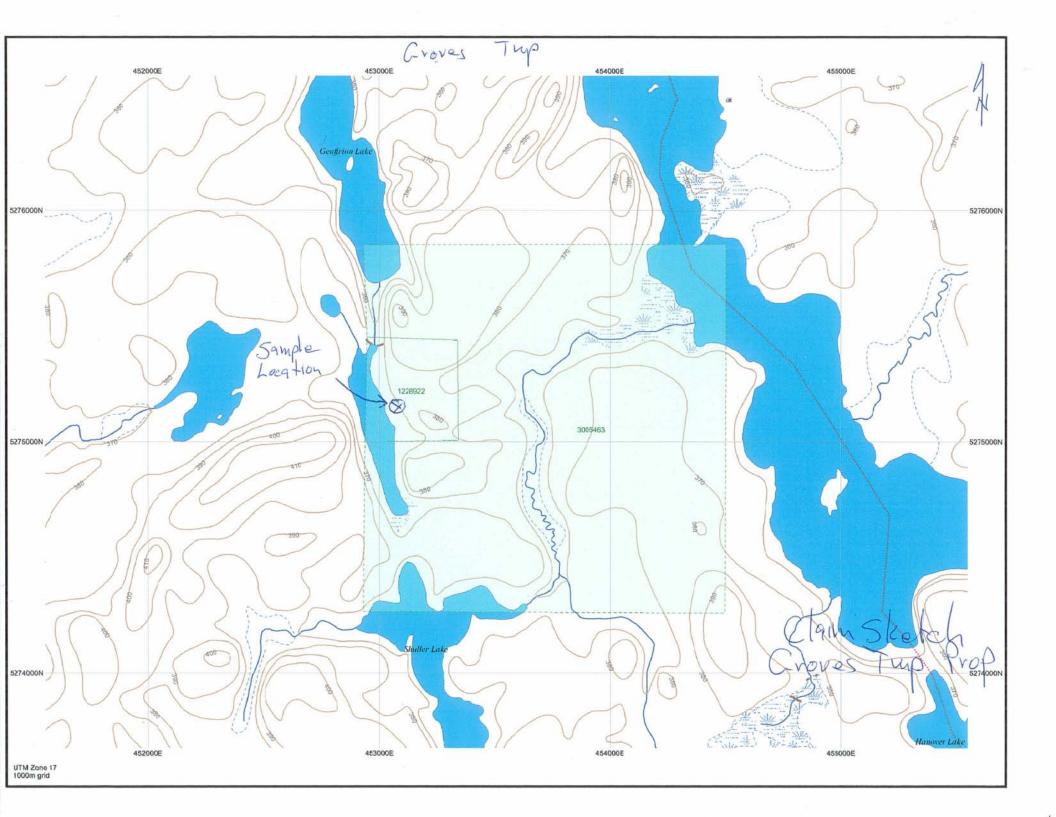

PERSONNEL

The people directly involved with the prospecting programs carried out on the Groves Township properties are follows:

Steve Anderson supervised all work.

PREVIOUS WORK

The current claim holder has not conducted any previous work on the properties. However, the property does have a history of work that was carried out by past claim holders. This includes reported reserves of 500,000 tons of 1.5% Cu, Ni combined. Within these Cu, Ni reserves, anomalous values of platinum were also reported.

CLAIMS

The claims that make up the Groves Township Property are held by 2004428 Ontario Inc and are located in Groves Township, Porcupine Mining Division. The following is a list of the claims.

CLAIM #	<u># OF UNITS</u>	TOWNSHIP
1228922	1	Groves
3005463	15	Groves
2 claims	16 units	

WORK PROGRAM

The work program carried out on the Groves Township property took the form of reconnaissance prospecting. The property was visited on two separate occasions, focusing on the previously reported copper, nickel and platinum deposition.

The samples taken were from mineralized areas thought to be the main Copper/Nickel zone outlined in previous reports. The results encountered will be used to justify a larger regional geophysical program.

SURVEY RESULTS

All samples taken were of a felsic intrusive with 5-10% sulphides. All returned anomalous values in copper and nickel. Values as high as 2.7% Cu-Ni were reported. The assay certificate can be found under appendix "A" of this report.

RECOMMENDATIONS AND CONCLUSIONS

As described under results, the prospecting program returned anomalous Cu-Ni values. Additional work should be considered based on the results of this program.

The second phase of the program focused on base metal and platinum deposition. Some of the samples taken show the presence of a favourable geological environment in the area. A regional airborne mag and EM survey should be considered in an attempt to outline any areas of possible mineralization.

CERTIFICATION

I, Steve Anderson of Timmins, Ontario hereby certify that:

- 1. I hold a three-year Technologist Diploma from Sir Sandford College, Lindsay, Ontario, obtained in May 1981.
- 2. I have been practising my profession since 1979 in Ontario, Quebec, Nova Scotia, New Brunswick, Newfoundland, NWT, Manitoba Saskatchewan and Greenland.
- 3. I have been employed directly with Asamera Oil Inc., Urangellschaft Canada Ltd., Nanisivik Mine's Ltd., R.S. Middleton Exploration Services Ltd., Rayan Exploration Ltd and am currently an owner of Vision Exploration.
- 4. I have based conclusions and recommendations contained in this report on knowledge of the area, my previous experience and on the results of the fieldwork conducted on the property during October, 2003.

Dated this 19th day of October, 2003 At Timmins, Ontario.

۰.
