

RECUTTING CLAIM #1217741

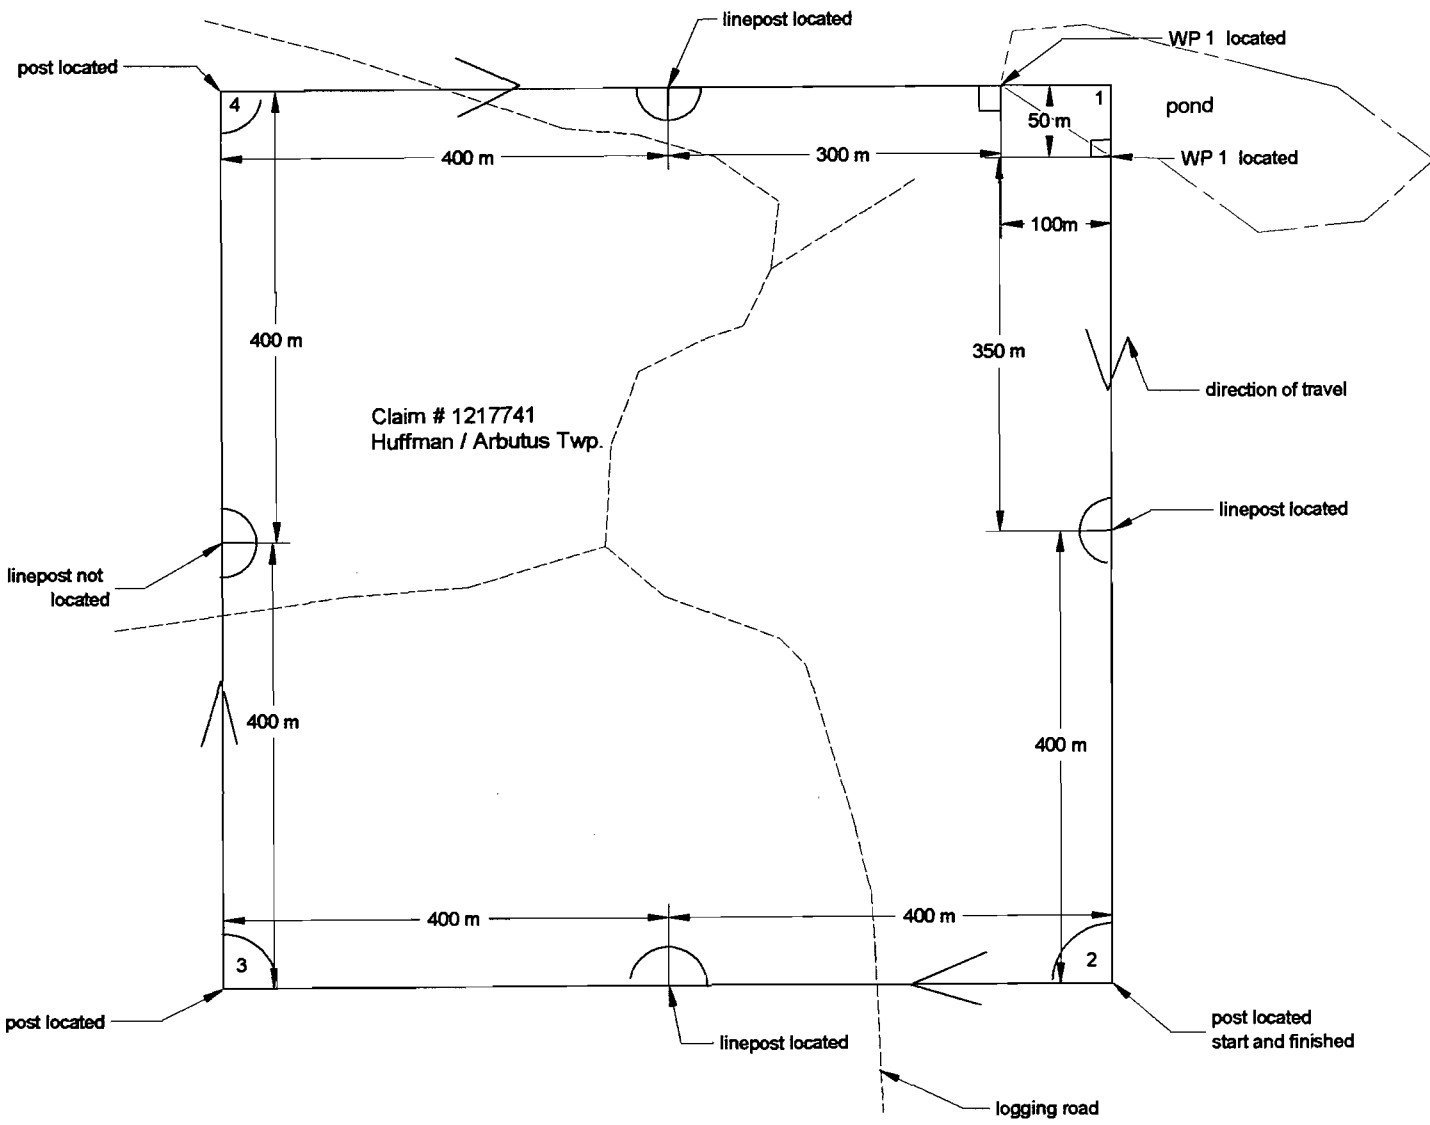

On September 1, 2009 Michael and Yvon Gagne reblazed and ribboned claim 1217741 in Huffman Twp. Starting at #2 post and finishing at #2 post. All corner posts were located and 3 out of 4 lineposts were also found. Considerable time was spent on locating posts since the claim has been replanted with jackpine several years ago.

Access to the claim can be reached from the Sulton Road 28 km west from 144 highway. Turn north at the Arbutus Road and travel 2 km to a gravel pit where we traveled by ATV from there, 10 km to the claims.
