## **Rockex Mining Corp. – Line Re-Establishing**

**Job Description** – Haveman Brothers was hired by Rockex Mining Corp. to re-establish all old claims lines on claims 4267101 and 4267102. Greg Smith was the prospector responsible for carrying out the work as requested.

**Access** – Claims were accessed by boating across Lake St. Joseph. A public boat launch on the north side of the lake was used.

**Rates** – There was approximately 7.31km of line to be cut, the rate per Km was set at \$520 and covered wages, food, lodging, equipment, fuel, boat, and truck.

**Dates** – Completing this job took 3 days of work in the field, and a few hours of office work. Job started on May 12, 2015 and final report was submitted on May 19, 2015.

**Work** – Lines were cut and blazed making them very visible and easy to walk.
