INTRODUCTION

Mining claim 4251165 (6 units) , Carr Township in the Larder Lake Mining Division was staked in December of 2009. The claim lines were over six years old and were reblazed and flagged on May 15, 2016. A small prospecting traverse was also conducted over the SE part of the claim as a large outcrop does exist to the east of the claim.

PROPERTY STATUS

The claim is recorded entirely in the name of Martyn Harrington, (Lic.K22526), of Kirkland Lake, Ontario.

LOCATION/ ACCESS

The claim is located in south central Carr Township, Lot 8, Con 2. The Black River provides easy access to the claims by boat from the landing on Buffalo Road, which forms the east boundary of claim 4251165.

WORK HISTORY

Numerous other stakeholders of the past have explored the area for its gold potential and have proven the existence of gold in the area by diamond drilling. The claim has been held by the current holder since 2009, since then, only grassroots prospecting has taken place in an effort to find values indicative of gold.

WORK PERFORMED

The work was performed on May 15, 2016. The boundaries of claim 4251165 were reblazed and flagged and a prospecting traverse at 100m spacing was conducted over the peninsula that occupies the SE part of the claim to check for any outcrops or float that could be sampled.

RESULTS

All of the old lines were successfully retraced for future reference in the field. No outcrops or float were found during the prospecting traverse covering the SE quadrant of the claim.
