SHEPPARD CLAIMS
AYLMER
Sudbury

Job: Aylmer

Date: September 15, 2015

Picked up Jim and met Tom in Capreol and drove up to the North East corner of 4216908. We travelled in through the clear cut on the North boundary of the claim and prospected and mapped to the top of a grey wacke ridge covered oak and mixed forest. This was a western extension of previous work. The strike (north) and dip (58) of the grey wacke was consistent.

Party Chief: Fred Delabbio

Weather: +27 degrees, Clear

PREAMBLE

We travelled up to the Sheppard claims in Aylmer Township to do prospecting and mapping on the northern boundary of 4216908 that has been exposed by Gervais Lumber that is clear cutting in this area. They are taking everything but the white pine and the oak trees. Most of the exposed rock is grey wacke pretty well striking due north and is pink to light grey. There is a section of nice conglomerate.
