LOCATION AND ACCESS

Aylmer Township is located north of Lake Wanapitei, Sudbury Mining Division. Access to the mining claims in Aylmer Township is via Highway 545 North of Capreol and onto the Portelance Road. You travel north for 18 km after the turnoff for the Wanapitei First Nation. You then leave the Portelance Road and turn South over the bridge of the Wanapitei River onto the Poupore Road. You travel on the Poupore Road for 11 km to 13 km to access the claims in difference areas.

SHEPPARD CLAIMS

AYLMER

Sudbury

Job: Aylmer

Date: July 2, 2016

Nancy and I went up to Aylmer Township to claim 4203306 to obtain samples from the new quartzite showing near the bottom center of the claim. When Gervais built the road last fall they uncovered this showing that does not fit in the geology and being in the middle of the swamp had not been seen before. Gervais has dug out the culvert at the beginning of the road marking it not drivable. I got sampled the length of the outcrop 40 ft. to try and confirm the rock type. We drove to the new access road to claim 4216910 but it has been blocked.

Party Chief: Fred Delabbio

Weather: 17 degrees

Preamble

We travelled up to claims 4203306 and 4216910 to sample the quartzite outcrop uncovered last fall by Gervais Lumber. The outcrop is on the boundary of the 2 claims. It is a very fine grained quartzite which has been confirmed by the resident Geologist. The sample was sent for a gold assay and proved to be anomalous.
