LOCATION AND ACCESS

Aylmer Township is located north of Lake Wanapitei, Sudbury Mining Division. Access to the mining claims in Aylmer Township is via Highway 545 North of Capreol and onto the Portelance Road. You travel north for 18 km after the turnoff for the Wanapitei First Nation. You then leave the Portelance Road and turn South over the bridge of the Wanapitei River onto the Poupore Road. You travel on the Poupore Road for 11 km to 13 km to access the claims in difference areas.

picked up Tom and we
travelled up to prospect,
sample and map on
claims 4203306 & 4216910
We first prospected on a
hill in the SW corner of
4203306 and the hill is half
quartzite & half gneiss. Took
a sample of mineralized quartzite
While travelling in this area
I came across a trench filled
in with debris and metal
barrel hoops. We will return here
with shovels and clean the trench.
We prospected a large area that
had been STRIP CUT AND FOUND
A MINERALIZED QUARTZITE
Showing that was sampled

PARTY CHIEF...F. Delabbio

WEATHER...22° Sunny.

Job: Aylmer

Date: September 19, 2016

Picked up Tom and we travelled up to prospect, sample and map on claims 4203306 and 4216910. We first prospected on a hill in the SW corner of 4203306 and the hill half quartzite and half grey wacke. Took a sample of mineralized quartzite while travelling in this area. I came across a trench filled in with debris and metal barrel hoops. We will return here with shovels and clean the trench. We prospected a large area that had been strip cut and found a mineralized quartzite showing that was sampled.

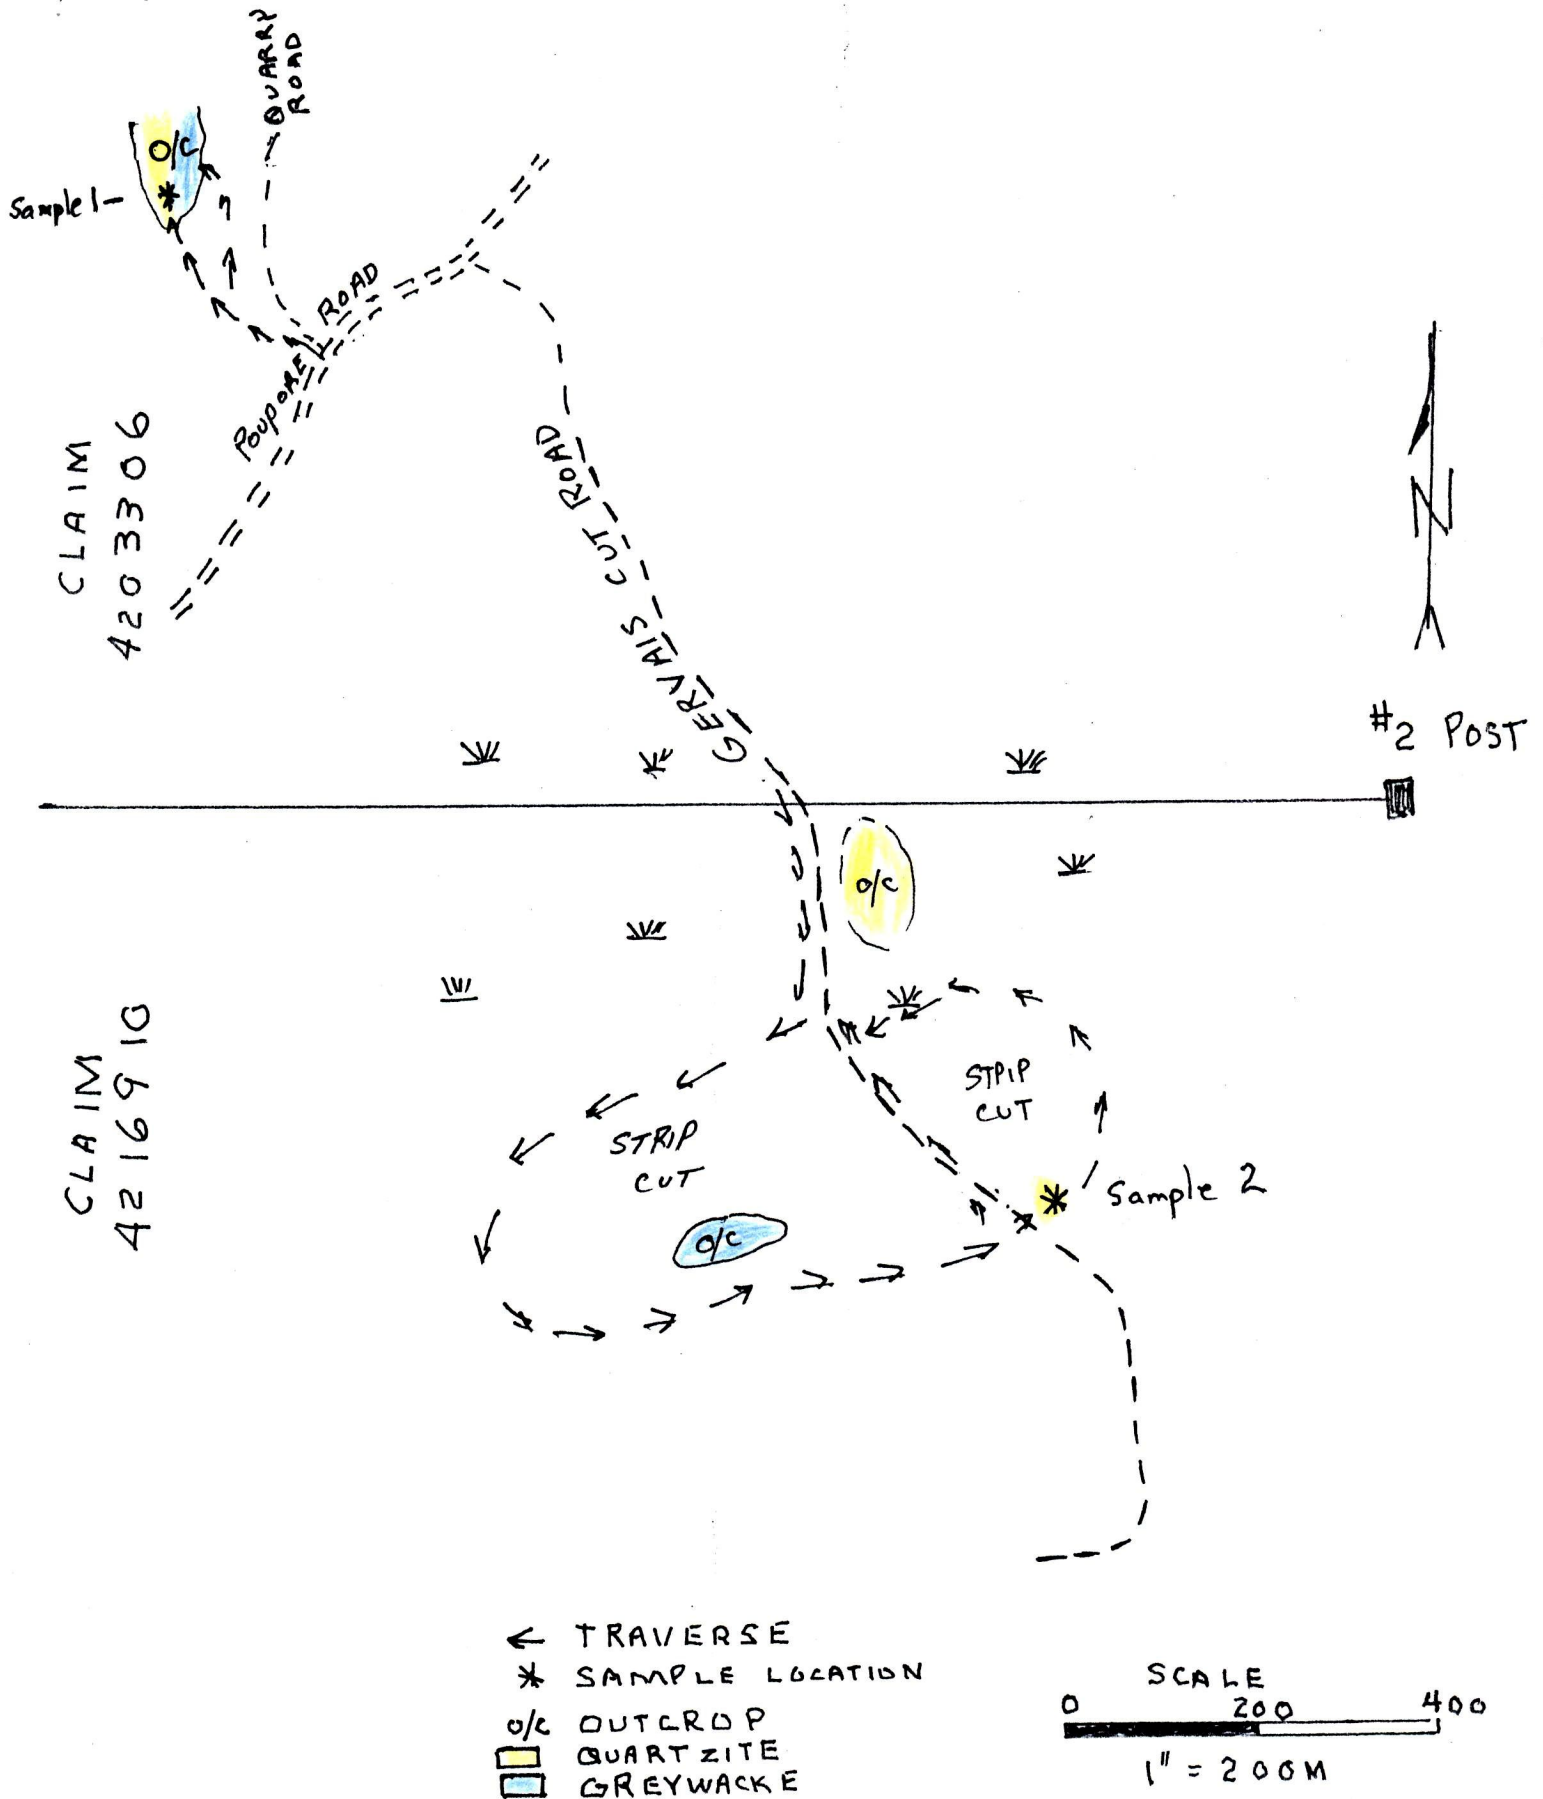

Party Chief: Fred Delabbio

Weather: 22 degrees, Sunny

Preamble

We prospected an area South West of our main showing on 4203306. We have not covered this area before due to the steep terrain. This high outcrop is half quartzite and half grey wacke. In part of our transit we encountered a number of old trenches with barrel hoops sticking out of them. We will return with shovels and try and expose what they are doing as it is all over burden. We then crossed the swap on the Gervais Road to where they have strip cut. The going is very tough because the trash left behind. We found a showing of quartzite that we sampled.
