LOCATION AND ACCESS

Aylmer Township is located north of Lake Wanapitei, Sudbury Mining Division. Access to the mining claims in Aylmer Township is via Highway 545 North of Capreol and onto the Portelance Road. You travel north for 18 km after the turnoff for the Wanapitei First Nation. You then leave the Portelance Road and turn south over the bridge of the Wanapitei River onto the Poupore Road. You travel south on the Poupore Road for 11 km to 13 km to the gravel pit on the edge of the east branch of the Wanapitei River. You turn south towards lake Wanapitei on the North River Park Road for 2 km to the middle of the claim.

SHEPPARD CLAIM GROUP

Preamble

We have looked for the discovery location for the copper on claim 4203306. They had graded the Poupore Road this summer and uncovered bedrock just east of the quarry road gate. We uncovered this area and it appears to be Quartz Breccia and we will return during a week day (less traffic) and will expand the bedrock and power wash the exposure as Stu Winter is going to want to map this spot.

Job: Aylmer Twp.

Date: September 30, 2017

Picked up Jim Jackson and we travelled up to Aylmer to work on the lower part of claim 4203306. We cleared off part of the Poupore Road and uncovered pink quartz breccia. We are suspicious that when the road was built this led to the discovery of the copper. We are going to return with more equipment and a power washer to expand and detail map the showing. We went up and travelled the new Gervais Lumber Telfer Road that appears to go onto claim 4216910. They have pulled out a culvert but we should be able to get a 4-wheeler in to do our IP.

Party Chief: Fred Delabbio

Weather: +17 degrees – Clear
