Sheppard Claims**

**F. Delabbio, P.Eng.**

**Job:** Telfer

**Date:** August 23, 2018

Stu and I picked up Tom in Capreol and travelled up to the north end of Sam Martin to check on the access from the Gervais Lumber cut roads to the north west area of the northern cells of our property. We flagged the area of the northern and western boundary. We only found one area of bedrock and this was an outcrop of grey wacke. The area is still heavily wooded with deep glacial moraine.

**Party Chief:** Fred Delabbio

**Weather:** Sunny, +22 degrees
