Assay Results	8,a,b,c

## **Preamble**

We have a party interested in the property, but need more information on the gold showing. We brushed in a trail from the quarry road and chipped out about 50 lbs of material but will have to return with pry bars and bigger hammers to get down deeper where the samples are not so weathered. We sent in 2 samples for gold and multi element.

## LOCATION AND ACCESS

Aylmer Township is located north of Lake Wanapitei, Sudbury Mining Division. Access to the mining claims in Aylmer Township is via Highway 545 North of Capreol and onto the Portelance Road. You travel north for 18 km after the turnoff for the Wanapitei First Nation. You then leave the Portelance Road and turn south over the bridge of the Wanapitei River onto the Poupore Road. You travel south on the Poupore Road for 11 km to 13 km to the gravel pit on the edge of the east branch of the Wanapitei River. You turn south towards lake Wanapitei on the North River Park Road for 2 km to the middle of the claim.

JOB..... AYMER  
DATE..... AUG 20/19..... PAGE.....

STU WINTER, TOM & GRANT  
from TRANSITION and myself  
picked up Tom Sheppard in  
Carrol and travelled up in  
2 vehicles to work on  
more thorough sampling  
on the showing on  
legacy claim 4203306.

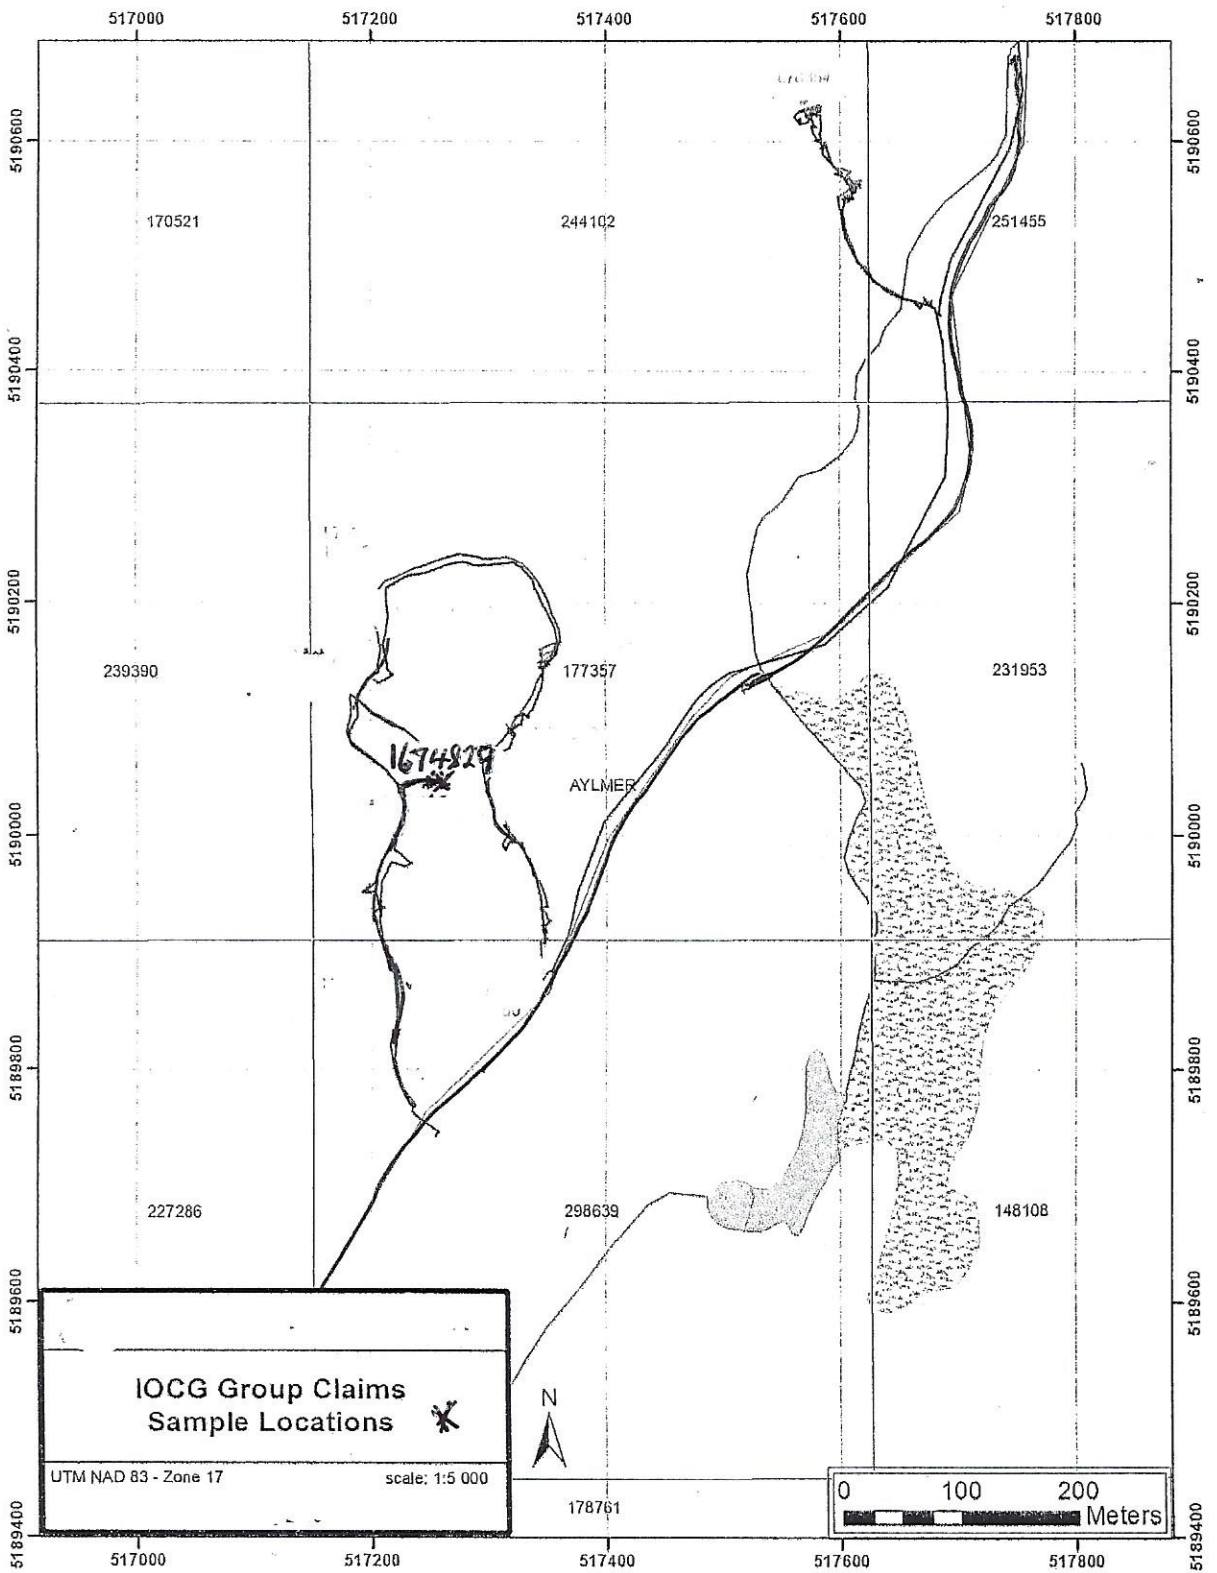

We worked to try and  
get fresher rocky samples  
low the gold showing  
but the material has a  
lot of the sulphides leached  
out.

PARTY CHIEF..... F. De la Brio  
WEATHER..... 125° CLEAR

## Preamble

Stu Winter and I picked up Tom Sheppard in Capreol to go up to the Aylmer Township claims. Tom Hart & Grant Mourecame along with their own vehicle. The purpose was to do more prospecting and sampling of the gold showing. We trenched and got down the best we could, but the pyrite has still leached out. We took one good sample and the Transition Metals people did their own sampling
