Re: Canadian Nickel Co. Ltd. 173 Claim Group, Holloway
Township, Ontario.

Dear Sir:

Enclosed, please find copies of invoices to accompany our report of
geochemical work. We are applying for work credits under expenditures,
one day for each \$15.00 spent. The expenditures occurred from
August 1 to November 15, 1984.

The 173 claim group is registered in the name of Canadian Nickel Co.
Ltd., Copper Cliff, Ontario and is under option to R. J. Kasner Co.
Ltd., P. O. Box 993, Kirkland Lake, Ontario P2N 3L1. R. J. Kasner
Co. has, in turn, assigned its option to certain third parties
(1) Argentex Resource Exploration Corporation, (2) Lenora Explorations
Ltd. and (3) Discovery Mines Ltd.

Subsequently, work was carried out by all four companies for
Canadian Nickel's account. The attached invoices are, then, for
different companies, but charged to the whole group as per R. J.
Kasner Co.'s agreement with Canadian Nickel Ltd.

Company owned equipment has been charged out at going rates, and no
invoices are attached.

Mr. Kasner is paid an Exploration Management fee of \$3,000.00 per
month by Lenora and \$2,000.00 by Argentex, and this has been charged
accordingly.

If you have any questions, please contact either Glenn Kasner at
(705)-568-8263, or R. J. Kasner.

Yours very truly,

Dear Sirs:

Re: Overburden Drilling and Data for Assaying
submitted on Mining Claims L 588052, et al.
in the Township of Holloway

I have examined the receipts sent to this office in support of the above-mentioned submission, and have determined that \$33,988.20 only is applicable towards the assaying and overburden drilling costs.

The remaining receipts appear to represent other costs incurred in the performance of your exploration program, i.e., auto repairs, groceries, linecutting, office supplies etc.. These costs do not appear to be applicable to your overburden drilling and assaying work.

I have had difficulty determining the actual overburden drilling and assaying costs from the examination of your receipts. Please provide us with a breakdown, describing the cost incurred in the performance of the overburden drilling and assaying.

If I have not received the cost breakdown by May 24, 1985, I will assume the above-mentioned amount was in fact the costs incurred for the Overburden Drilling and Assaying, and assessment will proceed accordingly.

For further information, please contact Dennis Kinvig at (416)965-4888.

Dear Sir,

Please find enclosed necessary receipts to cover overburden drilling on Argentex's 50 claims in Holloway Township.

As discussed in your office, the report is in metric and not in feet. I am sorry for any confusion this report caused regarding meters and feet - it is difficult to interpret.

All in total, including backhoe drilling, there is approximately 2158 feet of drilling for an all in cost of \$62.23 per foot which is including industry costs.

Yours Truly,
