

DATE: JAN 22/02

TO : MNDM ASSESSMENT OFFICE

FROM : JOHN BRADY

The purpose of the sample (stone) collection was to determine the marketability of crushed marble and raw marble pieces for industrial reaction to the products, as landscape and/or filler material.

SITE ① GREEN-PINK BRECCIA marble	± 250 lbs
SITE ② Beige-Brown marble	± 175 lbs
SITE ③ Beige-White-Grey marble	± 200 lbs.
SITE ④ PINK-GREEN-lined marble	± 200 lbs.

Suitable areas were located and loose marble rubble pieces were cleaned, pried and broken into manageable sizes with chisel and sledge hammer. These were then transported to the vehicle. Roughly 100 lbs of each type from each site was brought to the OGS LAB for crushing to various sizes of: 1/4"; 1/2", and 3/4". Both the crushed material and hand sized specimens were provided to a number of potential users: Including Rainbow Concrete; Rintala Construction; CORTEK (Ed Rose). A quantity of the remaining material is stored at my residence.

Dear Sir or Madam

**Subject: Deemed Approval of Assessment Work**

We have approved your Assessment Work Submission with the above noted Transaction Number(s) as per 6(7) of the Assessment Work Regulation. Only eligible assessment work is deemed approved for assessment work credit. The attached Work Report Summary indicates the results of the approval.

NOTE: The report has not been reviewed for technical deficiencies and reported expenses were not evaluated based on the Industry Standard.

At the discretion of the Ministry, the assessment work performed on the mining lands noted in this work report may be subject to inspection and/or investigation at any time.

If you have any question regarding this correspondence, please contact BRUCE GATES by email at [bruce.gates@ndm.gov.on.ca](mailto:bruce.gates@ndm.gov.on.ca) or by phone at (705) 670-5856.

Yours Sincerely,

Ron Gashinski  
Senior Manager, Mining Lands Section
