MINING LANDS SECTION

Dear Mr. Kinvig

Enclosed are maps, assay results and invoices covering a Report of Work (W8805-186) recorded on November 2, 1988. The Chemex Labs invoicing was done through Noranda Exploration and not through Dominion Explorers Inc.

At the same time, I've enclosed an additional "Report of Work" for the same block of claims. These additional assays are a continuation of the above report and are covered on the same maps. The invoicing for these assays from the assayers are included in a large shipment covering other claims in the area. I've taken the 222 soil samples at an analysis charge for gold by atomic absorption at \$6.50 per sample bulk rate for a total expenditure of \$1,443.00 for 96.2 days of total work credits.

All the above analyses have been paid for by Dominion Explorers and Noranda.

Yours very truly
