Re: CLAIMS IN TISDALE TOWNSHIP

To Wit:

I, Jean Robert Roy
of the City of Timmins in the
District of Cochrane

DO SOLEMNLY DECLARE, that

The expenditure credits on assaying that I am submitting are based on fees charged by the Geoscience Laboratories and are true and exact to the best of my knowledge.

Proof of expenditures cannot be obtained from the field representatives who had the assaying performed. (See attached letter.)

To the best of my knowledge all of the costs incurred have been paid in full and I personally owe no money in connection with the assays to any of the companies mentioned in this report.

AND I make this solemn Declaration conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act.

Declared before me at the

of City of Timmins

Dear Mr. Roy:

In response to your letter of February 13, 1985, concerning the possibility of Kidd Creek supplying you with a copy of a receipt for geochemical analysis to use for assessment credit. It is not our policy to do so. Any work done by us during a property examination is done strictly for the purpose of determining the properties geological merit in anticipation of optioning the ground. This information is kept confidential. A copy of geochemical data is provided to property holders as a courtesy, however, all other information such as reports, maps or receipts are kept within the company.

Yours truly,
