Jany 1985

two days were spent prospecting on claim no 5/6238 and 5/6239.

many quartz neins were found on these two claims lent no visible mineralizations was found.

a line was cut west to east to lake meadow the line was started at past no 3 of 5/6238 and to meadow lake to past no 2 of 5/6238 and the prespecting was done off this line into the two claims.

Some sampling was day on various quarty veins but only one sample so far bosheen sent for assay, additional work will be done untiese two claims at the Reed lake end

Report Of Work #270

L.B.L. Rich Gold Mines Inc R.R.#3 Tillsonburg, Ontario N4G 4G8

Attention: Lilianne Retourneau

Dear Madam:

RE: Mining Claim P 849586, et al,

in Deloro Township

I have not received the data and maps (in duplicate) for the Assaying on the above-mentioned claims.

As the assessment "Report of Work" was recorded by the Mining Recorder on August 16, 1985 the 60 day period allowed by Section 77 of the Mining Act for the submission of the technical reports and maps to this office will expire on October 15, 1985.

If the material is not submitted to this office by October 15, 1985 I will have no alternative but to instruct the Mining Recorder to delete the work credits from the claim record sheets.

For further information, please contact Mr. Arthur Barr at (416)965-4888.

Yours sincerely,

S.E. Yundt Director Land Management Branch

Whitney Block, Room 6643 Queen's Park Toronto, Ontario M7A 1W3 Phone: (416)965-4888

Dear Sir:

RE: Data for Assaying submitted on Mining Claim P 849586 in the Township of Deloro.

In order to complete your submission, please indicate on a plan, in duplicate, the location of the samples in relation to the traverse line and claim posts.

When returning this material, please quote file 2.8515.

For further information, please contact Dennis Kinvig at (416)965-4888.

Yours sincerely

S.E. Yundt Director Land Management Branch
