MEMO TO: The Management
GALORE GOLD RESOURCES INC.

DATE: *Oct. 4, 1984 (Summarizes previous discussions)

SUBJECT: GALORE GOLD RESOURCES PROPERTY;
TURNBULL TOWNSHIP, ONTARIO:
Assay Results of Core Samples from
Diamond Drill Hole Nos. G-1 to 6 inclusive.

Enclosed for your file are copies of Certificates of Analysis covering Drill Core Sample Nos. 1-107 inclusive that have been modified by the writer to show the core intervals sampled. The following Table summarizes said data: ...

(a)	<u>DDH No.:</u>	<u>SAMPLE Nos.:</u>	<u>No. of SAMPLES:</u>
	G-1	1 - 39	39
	G-2	47 - 76	30
	G-3	99 - 103	5
	G-4	104 - 107	4
	G-5	40 - 46	7
	G-6	77 - 98	<u>22</u>
			107 samples

- (b) #G-1: visible gold @ 68.3 m; Sample #25; 67.0-68.3 (1.3m).
 #G-2: v.g. @ 54.60-.95 m; " #59; 54.2-55.8 (1.6m).
 #G-5: v.g. @ 66.60-.72 m; " #41; 66.0-67.0 (1.0m).

As shown above, small specks of visible gold were originally noted in DDH Nos. G-2 (Sample #59) & G-5 (#41) and subsequently also in G-1 (#25). In an effort to resolve the original assay results which showed only nil to minor gold values over the aforementioned core intervals containing visible gold, Sample Nos. 41 & 59 subsequently were re-checked ... refer to Certificates of Analysis dated June 4th & 12th, 1984. Said check assays again showed only very minor gold values indicatin;

that the small flecks of visible gold noted in the core logging did not have associated finer-grained, disseminated gold mineralization.

In order to ensure security of assay results all core samples were submitted & assay charges paid directly by Kenneth H. Darke Consultants Limited; that is, Galore Gold's name was not used when said samples were sent for assay. Assay charges subsequently were reimbursed by Galore directly to Consultants.

Drill Hole Nos. G-1,2 & 6 were fairly extensively sampled; however, because of a severe lack of available funds only a minimum amount of assaying was undertaken on DDH Nos. G-3,4 & 5. As previously discussed, additional extensive sampling & assaying is required and is recommended.
