END									

*Leaving
Tuff banded, dark green to black, bending 50°-60° to
core.*

*Tuff scattered bands of kyanite and
fine grained magnetite bands up to 1" in
width.*

*Tuff coarse grained banded tuff, numerous
with apophysis (at least kyanite?)
very kyanite in dark sections.*

*Tuff fine scattered bands of kyanite and
magnetite little kyanite
Tuff kyanite banded 80° to core.
numerous stringers of serpentine.*

logged by D.A. Firth
