THE MINING ACT REPORT OF WORK

Recorded. /

To the Recorder of KENORA Mining Division
 I, R.W. PITKANEN
 name of Recorded Holder
R.R.#1, FORT FRANCES, ONT.
 Post Office Address

E 24147
 Miner's Licence

do hereby report the performance of 400 days of POWER STRIPPING
 type of work
 not before reported to be applied on the following contiguous claims

Claim No.	Days	Claim No.	Days	Claim No.	Days
<u>K412981</u>	<u>40</u>	<u>K412733</u>	<u>30</u>		
<u>K412982</u>	<u>50</u>	<u>K412869</u>	<u>30</u>		
<u>K412983</u>	<u>30</u>	<u>K418307</u>	<u>40</u>		
<u>K412984</u>	<u>40</u>	<u>K418304</u>	<u>40</u>		
<u>K412985</u>	<u>40</u>				
<u>K412732</u>	<u>40</u>				

* All the work was performed on Mining Claim (s) K412732, K412982, K418307
 (In the case of geological and/or geophysical survey (s) where more than 18 claims are involved attach a schedule)

READ CAREFULLY: THE FOLLOWING INFORMATION IS REQUIRED BY THE MINING RECORDER.

- For Manual Work, Stripping or Opening up of Mines, Sinking Shafts or Other Actual Mining Operations - Names and addresses of the men who performed the work and the dates and hours of their employment.
- For Diamond and other Core Drilling - Footage, No. and angle of holes and diameter of core. Name and address of owner or operator of drill. Dates when drilling was done. Signed core log and sketch in duplicate.
- For Compressed Air or Other Power Driven or Mechanical Equipment
 Type of drill or equipment. Names and addresses of men engaged in operating equipment and the dates and hours of their employment.
- For Power Stripping - Type of equipment. Name and address of owner or operator. Amount expended. Dates on which work was done. Proof of actual cost must be submitted within 30 days of recording.
- With each of the above types of work sketches are required to show the location and extent of the work in relation to the nearest claim post. In the case of diamond or other core drilling the sketch must be submitted in duplicate.
- For Geophysical, Geological, Geochemical Surveys and Expenditure Credits - the name of author of report. Covering dates of survey (linecutting & office). Type of instrument used. Total amount of expenditure. Technical reports, maps, expenditure breakdown, receipts must be filed in duplicate with the Minister within 60 days of recording.
- For Land Survey - the name and address of Ontario Land surveyor.

The Required Information is as Follows: (Attach a list if this space is insufficient)

See attached info.

Barber Lake Property

Property & Location

REGIONAL OFFICE, KENORA

The Barber Lake property is located approximately 27 miles east of Fort Frances and one and three quarters miles south of Highway 11. The property is easily accessible by driving along an all weather road from Highway No. 11. The road was built for logging purposes. The property comprises of claims K412981 to K412985 inclusive, K412732, K412733, K412869, ~~K412870~~, K418304, K418307.

Topography

The area within the boundaries of the claim group is typical of the general low lying relief of the Keewatin shield. Elevations above Bad Vermillion Lake are not more than 75 feet with glaciated ridges trending slightly north of east. Some swampy areas are present as a result of flooding by beaver dams

Geology

The predominant rock formations are gabbro, anorthosite gabbro, keewatin lavas, basalts andesites with granite to the north and south. Quartz veins and mineralized zones strike N 31 degrees east. Trenches and pits are shown on attached sketches.

Work

Eight areas were stripped partially manually and partly by bulldozer. A base line was cut for 3600 feet and a cross picket line for 1200 feet. A road was bulldozed through claims K418304, K412732, K412981 and ~~K412615~~. ~~K418304~~. Drilling blasting and trenching was done in eight trenches ^{K418307} as shown on sketch.

Trench No. 1 stripped area is 120 feet long and 120 feet wide with a rock trench 35 feet long 3 feet deep and 4 ft wide.

412981 Apr 2
418732 - Apr 2
412865 - Jun 11 1966 cancelled
418304 - Aug 4 1977

Trench No. 2 is stripped area 30 feet long 15 feet wide
3 feet deep.

Trench No. 3 is a stripped area 54 feet long by 30 feet
wide by 4 feet deep with rock trench 36 feet long 5 feet
wide by 4 feet deep.

Trench No. 4 is stripped area 60 feet by 10 ft wide and
rock trench 48 foot long 3 fet wide and 3 ft deep.

Trench No. 5 stripped area 45 feet long 12 feet wide with
rock trench 20 feet long 3 feet wide and 2 feet deep.

Trench No. 6 is stripped area 10 feet long 10 feet wide
and rock trench 6 feet long 4 feet wide 4 feet deep.

Trench No. 7 is rock trench 10 feet long 8 feet wide 8 ft
deep.

Trench No. 8 stripped area is 20 feet long 6 feet wide and
rock trench is 14 feet long 2 feet deep and 2 feet wide.
