Re: Line Cutting, Chaining and Geology of the former
Quyta Zone Pickeral Township, Ontario

Please find enclosed sketches of the line cutting, and chaining restoring the former grid on the present property. This line cutting and chaining was carried out from June 27th, 1992 to July 10th, 1992, inclusive, employing myself and John H. Thompson of Sioux Lookout, Ontario. Lines were cut 400 feet apart at right angles to a baseline and marked pickets were placed along the lines at 100 foot intervals. 4.6 miles were completed. We endured an amazing amount of rain. The swamps and lakes are full to their rims. We also found that the former grid was barely discernable, almost fully grown in and all pickets were gone except for two old rotting hubs on the baseline. I have marked outcrops, area of trenching and one drill hole casing found at 2+00 North on picket line 0.

The basalt outcropping striking north easterly was apparently intruded by a conformable sill of Feldspar Porphyry. Within this porphyry there appears to be more intense carbonation and quartz stringers associated with some of the trenches in the area of picket line 0 and the baseline. Short vertical displacements and shears appear more frequently near the contact of the porphyry sill and basalt. There is some minor pyrite associated with the quartz and carbonate in the trenches and if this has some relationship with the gold an IP survey covering the porphyry area and its contacts may locate an anomalous area of concentrated sulphides with associated gold. The ends of the porphyry where it tails into the basalt may be of interest as well as the contacts since displacements are strongly noteworthy in the outcrops at these locations.

Total costs of the line cutting, chaining and reconnaissance geological mapping for the five claims, 1124644, 1124645, 1145294, 1145295, and 1124599 is \$2,275.00. These costs include:

J. Campbell, P. Eng. - 8 days @ \$200.00/day includes board and room, transportation, equipment, wages	1,600.00
J. A. Thompson - wages 7.5 days @ \$90.00/day Sioux Lookout, Ontario	<u>675.00</u>
Total costs expended	<u>\$2,275.00</u>

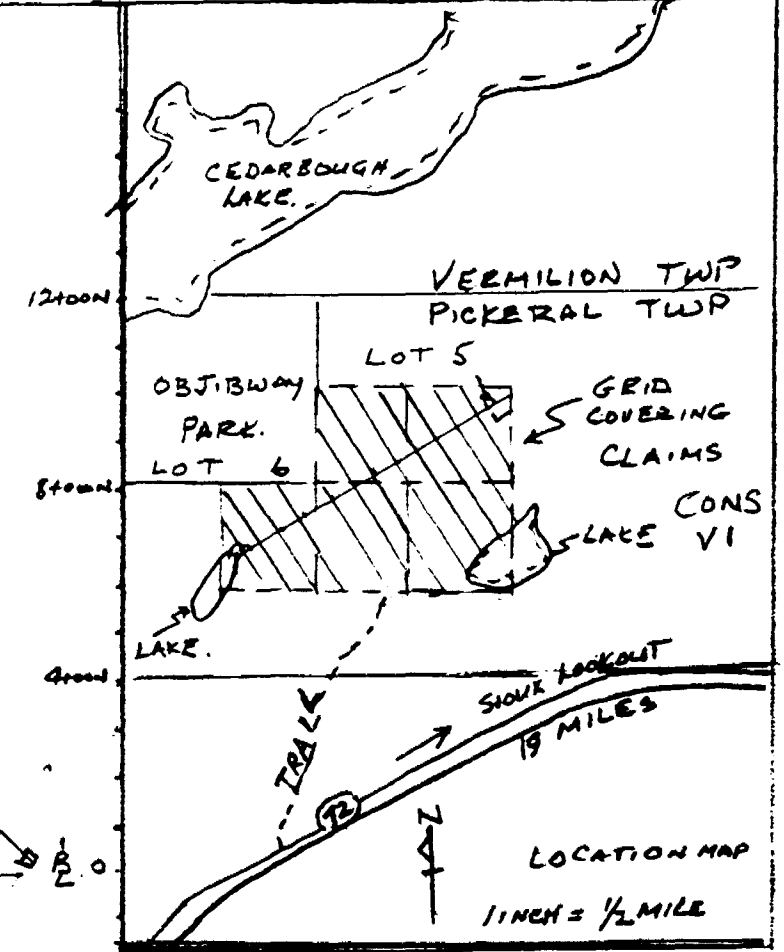

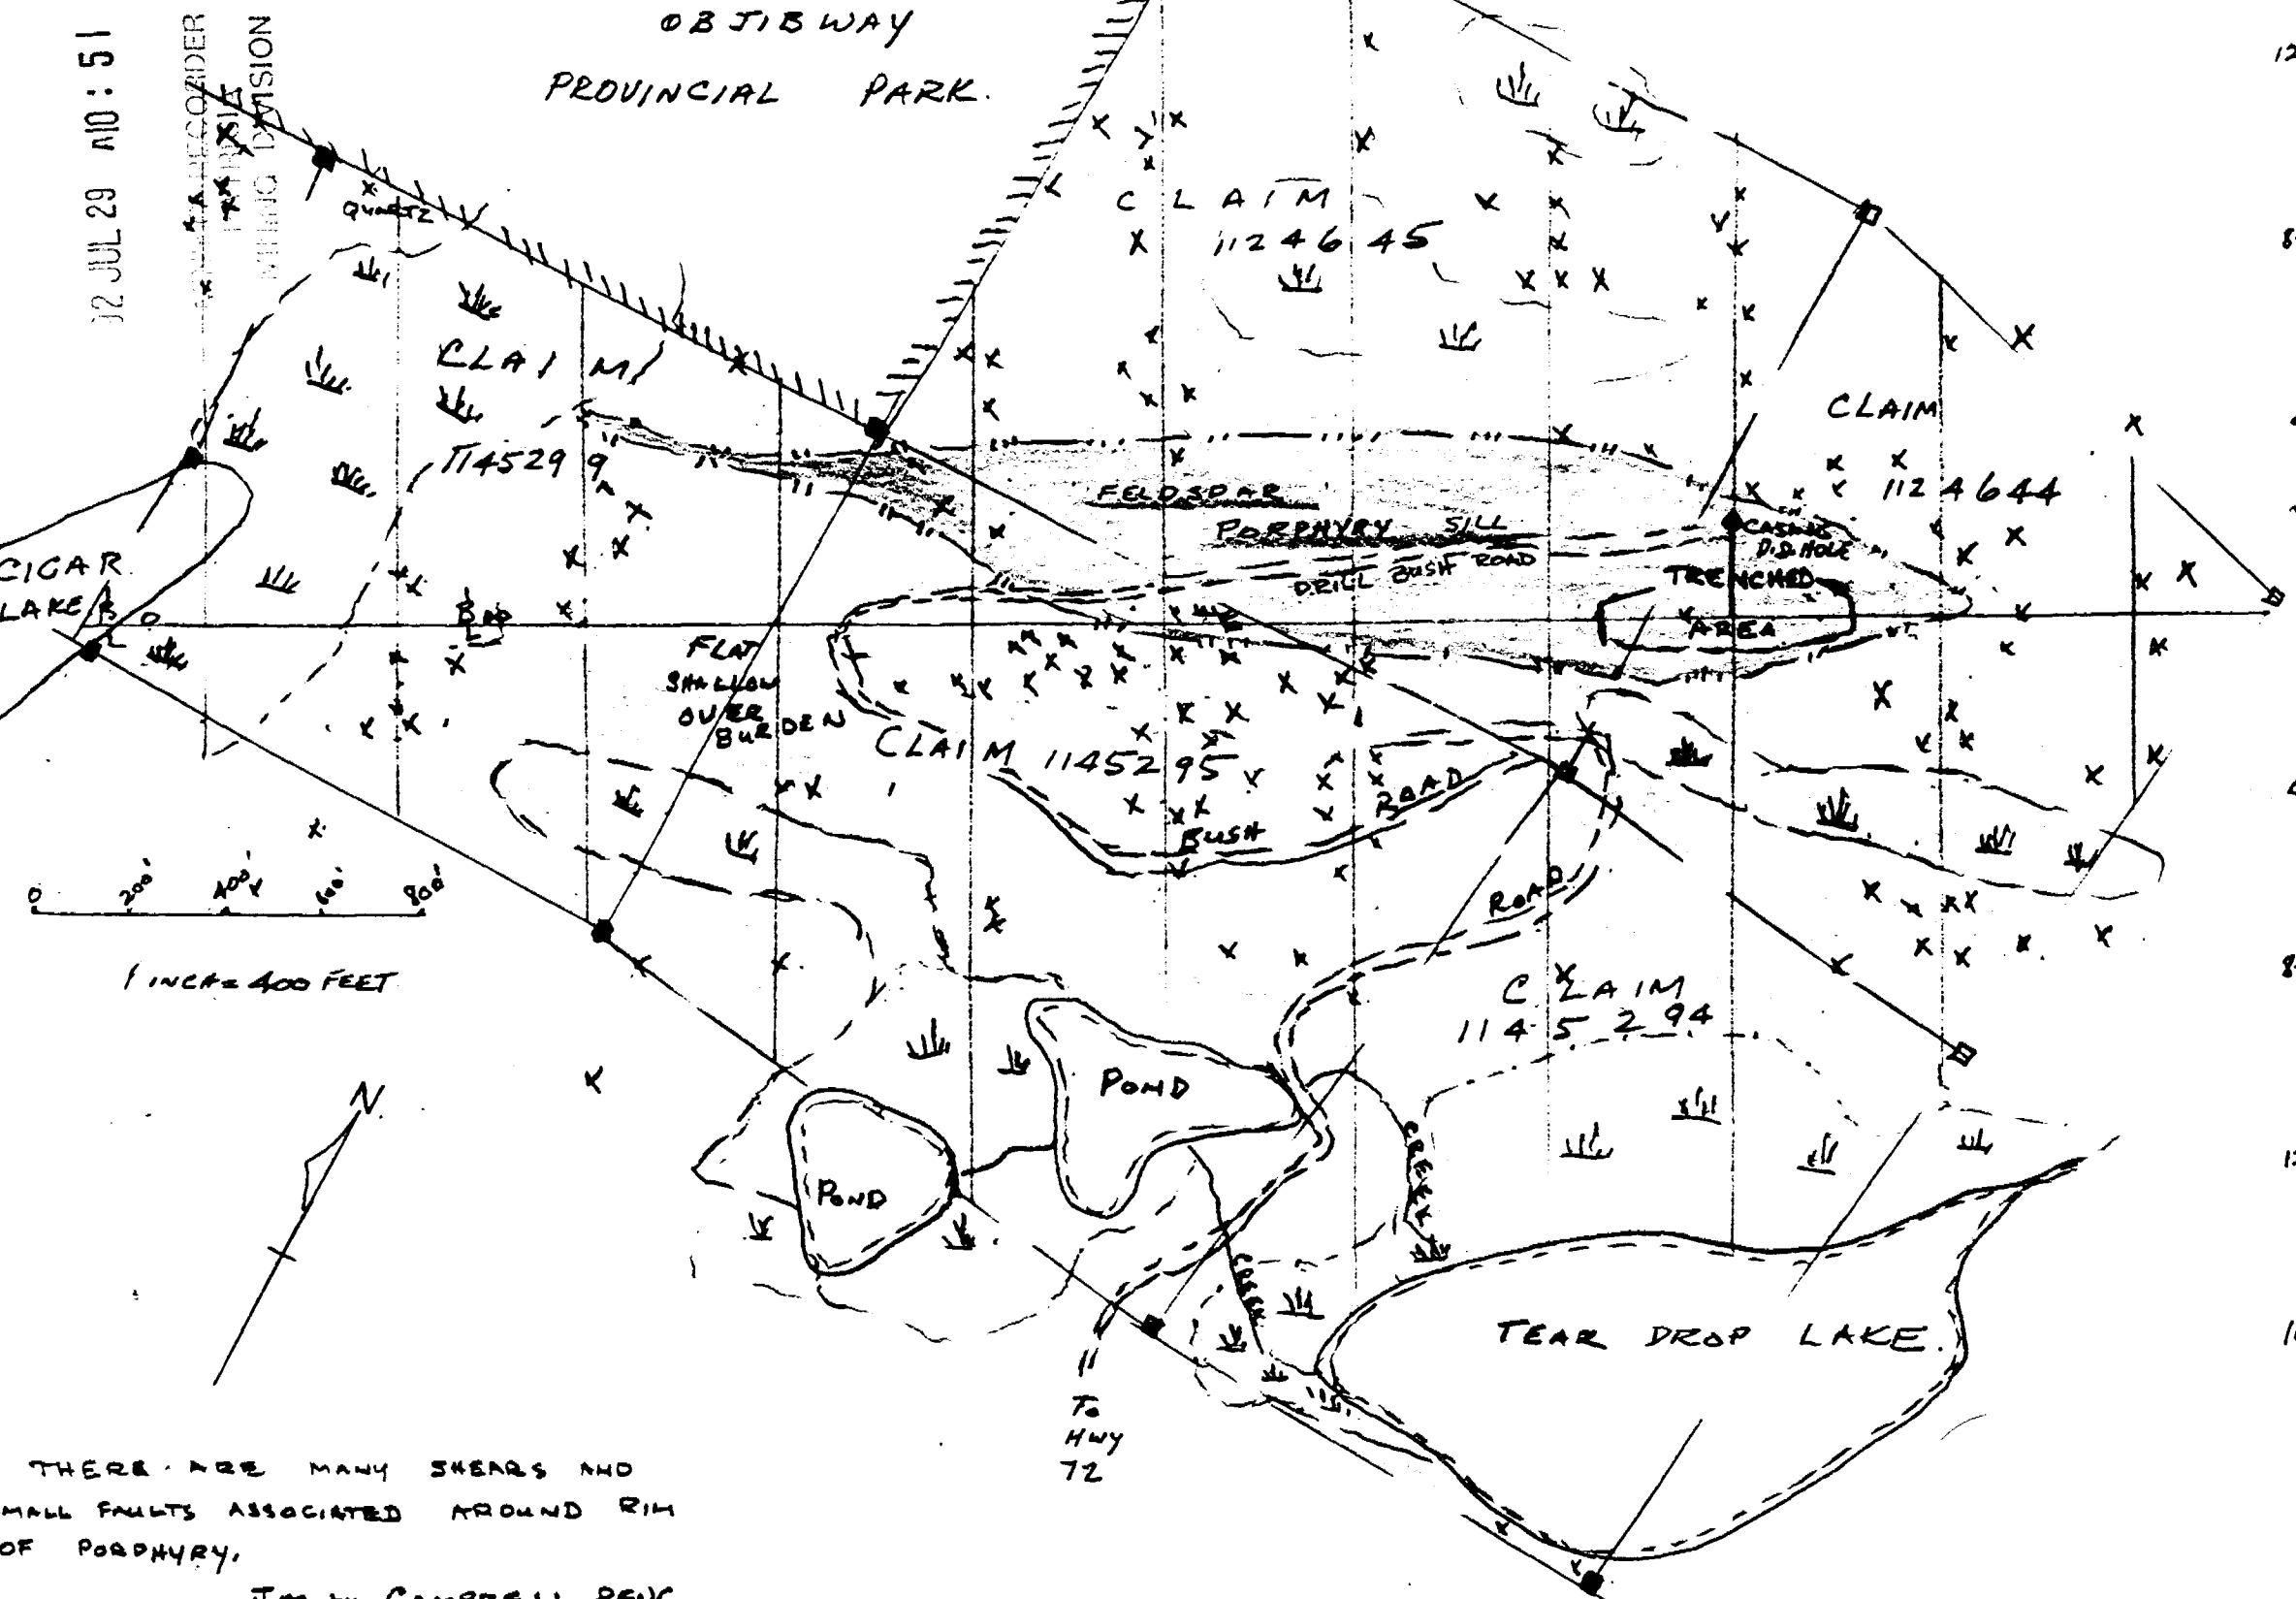

Respectfully submitted,

J.W. Campbell, P. Eng.
