

**Statement of Completion for a Category B Project**

***Class Environmental Assessment for Activities of the Ministry of Northern Development and Mines under the Mining Act***

**Metalex Venture U2 Project**

The Ministry of Northern Development and Mines (MNDM) has completed its assessment on the applicant's proposal to complete a 10,000 ton bulk sample on their U2 project in the James Bay Lowland. The project is west of the DeBeers Victor Mine and the sample will be collected by Large Diameter Drill Holes (LDDH)

The Category B screening, consultation and project review was carried out in accordance with the *Class Environmental Assessment for MNDM's Activities under the Mining Act* (Class EA).

**No comments were received**

**Due to previous exploration activities at this location, this project is expected to have no new environmental effects.**

MNDM will implement the project as planned.
