

MLAS Release 2.5.24 System Upgrade Alert

As part of our ongoing efforts to bring you one of the most comprehensive mining lands management systems in the world, the Ministry of Mines regularly tests and installs updated versions of the Mining Lands Administration System (MLAS).

Please note: One-Key, currently required to access Government secure web applications such as the MLAS application, will soon be replaced by an enhanced software known as **Public Secure**. Action will be required on your part to maintain your MLAS access. It will be **NECESSARY** for you to have your own email address. Watch for upcoming notices and further instructions via client emails, the MLAS bulletin board or postings on the Ministry's MLAS home page.

For more about Public Secure, please visit the Public Secure help page:
