<sup>1</sup> IAO has requested that a variety of Crown lands identified in northwestern Ontario be withdrawn to prevent mineral claim registration in this area to facilitate negotiations for Lake of the Woods (LOTW) flooding claims.

The lands withdrawn include only those identified for the purposes of negotiation, however any areas no longer required as part of the final land claim settlement will be reopened for mineral claim registration.

The withdrawal only applies to available Crown lands and does not apply to anyone with an existing mineral interest.
